DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This small and low brick building, constructed sometime in the mid 20th century, is non-distinctive in appearance. Opposite the double glass door are two large windows with 20 lights each. Below these windows are Neo-Georgian style panels. In each end bay is a six over six sash window with a flat arch above with keystone. Like many other 20th century buildings with Colonial Revival elements, these features are "cliches" lacking the quality of the architectural components which they imitate.
